1: Fill out this short survey about Day 1: goo.gl/forms/TvfP8VtEFNSjWtDw2

2: What's your working definition or previous exposure to digital trace data? What do you think are the opportunities and limitations?

Talk with your neighbor about the digital trace data (data from the web, cellphones, embedded sensors, online social networks, etc.) you are working with (or plan to work with) and for what research question.

- What are the benefits of this data?

- What are the problems with the data you are currently using?

- Discuss any ethical implications.
