1: Fill out this short survey about Day 3: goo.gl/forms/2Y9BTQ26VCQBy49F2

2: Please install the package `umap`.

In your command line / terminal enter: `conda install -c conda-forge umap-learn`, or `pip install umap-learn`, depending on your package manager.

3: What's your working definition or previous exposure to text analysis? What do you think are the opportunities and limitations?

Discuss with your neighbor a large text source that you are currently, or are interested in the future, in analyzing.

- What is a text document for your research? What is a collection of documents?

- What is the context of these documents, and why might generic text processing fail?

- What are the challenges or assumptions that out-of-the box text processing might make with your data?
